EDUCATION

PES UNIVERSITY
MASTERS IN COMPUTER APPLICATIONS
Oct 2023 - Present | Bangalore, India
Expected Graduation: June 2025
Cum. GPA: 8.26 / 10.0

DELHI UNIVERSITY
BACHELORS IN COMPUTER APPLICATIONS
Graduated in July 2023 | New Delhi, India
ARSD College
Cum. GPA: 8.091 / 10.0

DELHI PUBLIC SCHOOL GHAZIABAD
12TH
Graduated in 2020 | Ghaziabad, India
PCM - CBSE
Cum. Percentage: 89.1%

DELHI PUBLIC SCHOOL GHAZIABAD
10TH
Graduated in 2018 | Ghaziabad, India
CBSE
Cum. Percentage: 94.1%

TECHNICAL PROJECTS

WBPA-QA: WATER QUALITY ANALYZER
MERN Stack + ML | Web Application
- Developed a web-based water quality assessment tool using the MERN stack and ML models.
- Integrated Hugging Face API for dynamic health reports and preventive measures.
- Designed an intuitive UI enabling authorities and users to input location details and get real-time insights.

PERSONALIZED NEWS DIGEST
Nhost + React + AI Integration
- Created an AI-powered news aggregator using Nhost, React, and n8n workflow automation.
- Integrated OpenRouter AI for news summarization and sentiment analysis.
- Developed a seamless authentication system and user dashboard for personalized news delivery.

PREPPAL AI
React + Flask + OpenAI API
- Built an AI-driven flashcard generator that extracts key content from PDFs.
- Used OpenAI API for automated text summarization and flashcard creation.
- Improved UI/UX with modern design and interactive React components.

EXPERIENCE

KUDRAT NGO | WEB DEVELOPER
July 2023 - Aug 2023 | Delhi, India
- Developed and managed a WordPress-based website with custom HTML, CSS, and JavaScript.
- Led website optimizations, reducing load times and enhancing security measures.
- Deployed the site on Digital Ocean, ensuring high availability and smooth performance.

MD FARMS | WEB DEVELOPER
Feb 2024 - Mar 2024 | Delhi, India

- Designed a dynamic website using WordPress with custom HTML, JavaScript, and UI components.
- Implemented a responsive layout, improving cross-device accessibility.
- Enhanced website UI with modern animations and structured content presentation.

SKILLS

PROGRAMMING:
- Python, Java, C++, R

WEB DEVELOPMENT:
- React.js, Angular, Node.js, Express.js, Tailwind CSS, Material UI

MACHINE LEARNING:
- Scikit-Learn, TensorFlow, LangChain, Hugging Face API, PhiData

DATABASES:
- MySQL, MongoDB

OTHER SKILLS:
- API Development, Unit Testing, Responsive Design, Object-Oriented Programming

ACHIEVEMENTS

- Won the **Distinction Award** twice in Masters at PES University for academic excellence.
- Solved 300+ LeetCode problems, earning 9 achievement badges.
- Secured 3rd place in UI/UX event at Gateways 2023 - Tech Fest of Christ University.
- Won 2nd place in PESU MCA Mini Hackathon.
- Contributed to the Library Website of ARSD College.
